Re: DPC Funding

Dear Ms. Aramburu:

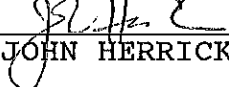

Our firm represents South Delta Water Agency. It is our understanding that certain waste industry interests are attempting to stop the legislative funding of the Commission in order to change the Commission's recent adoption of a general ban on the use of biosolids and effluent within the Delta.

Please let me know to what state senators, assemblymen, or committees I should direct the Agency's views.

Thank you for your cooperation in this matter. Please feel free to contact me if you have any questions.

Very truly yours,
